Overlap vent OV (for PLUS system)	Available for all PVC window systems	Regel-air®	25
Slide vent SV (for FORTE system)	Available for all PVC window systems	Regel-air®	30

Notes:

¹⁾ Remove the central ridge of the glazing strip retainer. ²⁾ With allowance in frame rebate. ³⁾ Query. ⁴⁾ Remove the central glazing strip retainer in the area of the Regel-air® upstand. ⁵⁾ Remove the sub-frame ridge of the glazing strip retainer. ⁶⁾ Remove the sub-frame stud of the glazing strip retainer groove. ⁷⁾ Only in combination with exhaust air systems. ⁸⁾ Exterior air gap: at least 1 mm required.

In windows with an aluminium shell, the Regel-air® window vents can only be used as external air apertures in combination with permanently operated fan-assisted exhaust air systems.

* 2.5-3.0 mm/3.1-3.5 mm/3.6-4.0 mm
